

"Positive, encouraging KLOVE", FM 91.1 here in Denver, is a place my family and I can relax and listen - no profanity, no leud remarks just positive and encouraging music and conversation. This station brings people to a new life. If LPFM programming displaces this 24-hour-a-day "lift", our community would be sadly missing in the wonderful, uplifting music and the prayers, and the encouraging words. Please don't let this happen.
